Creating Bathrooms For Generations

PROUD MADE IN BRITAIN MEMBERS

All of our furniture is manufactured in the UK and we are proud members of Made In Britain.

Made in Britain is “the official collective mark for British manufacturers and is registered with UKIPO across 30 product classes. The Made in Britain collective mark unites the British manufacturing sector and helps consumers; buyers and specifiers identify products that are made in Britain.”

Atlanta Bathrooms are also members of the BMA (Bathroom Manufacturers Association). The BMA acts as an information link between the bathroom industry, the government and consumers on all issues that affect the industry here in the UK.

Quality

EST. 1964

Our organisation's reputation is built on the superior quality of our products. Thorough inspections are conducted at every stage of production. Our quality management system, certified to ISO 9001:2015, encompasses all aspects of our business.

Environment

ISO 14001 CERTIFIED

BeModern® Ltd. manufacture all of our furniture at our facilities in the North East of England. Our environmental management system is certified to ISO 14001:2015 standards, outlining our commitment to continually improve our environmental performance.

Award Winning

SUSTAINABILITY AWARD WINNER

We're proud to have won the Sustainability Award from the Bathroom Manufacturers Association (BMA), recognising our commitment to a more sustainable future in the industry.

Sustainability

FOREST STEWARDSHIP COUNCIL CERTIFICATION

BeModern® Ltd.'s full Forest Stewardship Council® (FSC) Chain of Custody Certification is a testament to our commitment to sustainability in the furniture industry. This certification assures consumers that every timber product used in their furniture is responsibly sourced from forests managed in accordance with stringent environmental, social, and economic criteria laid out by the FSC®.

FSC® labelled products not only signify responsible sourcing but also reflect considerations for the well-being of people, wildlife, and the environment.

Everest / Sonar Cruise / Virtue

— VANITY FURNITURE

FOUR FANTASTIC FASCIA STYLES

Atlanta Next Generation presents four new exclusive fascia designs to elevate your bathroom. Everest boasts a sleek diagonal fluted pattern for a modern aesthetic. Sonar offers a contemporary twist on the classic Shaker design. Cruise features a minimalist plain door, while Virtue provides a sleek intergrated handle option.

Available in various sizes and styles, including floorstanding and wall mounted configurations, each unit maximises space with sophistication.

With 10 neutral finishes and Dust Grey internals, find the perfect palette to complement your design.

Optional legs are available for wall mounted units, crafted for seamless integration. Further personalise with sit-on or countertop ceramic basins. For a final touch, explore our new patterned round vessel basins.

Classic Fitted

————— FITTED

SOPHISTICATION AND ELEGANCE, FOR ANY SPACE

Immerse yourself in refined luxury and enduring style with our Classic Fitted Collection, where modern construction and timeless elegance converge to create the perfect look for any bathroom. With the simple squared elegance of the routed design and the soft lines framing the cabinet, we call it Classic with good reason.

Whether crafting intimate en-suites and cloakrooms, or spacious family bathrooms, the Classic Fitted Collection comes with options for

any space. Whether you want angular square units, or delicate curved fronts, all are available in a vast array of sizes to fit - not to mention the matching basins on offer which truly complete the look.

Select from an extensive range of modern colour finishes, each meticulously crafted to synchronise seamlessly with a myriad of design concepts, and take your choice of internal colours from a Natural Oak or a White Matt finish to create a truly timeless look.

Guarantees & Conditions

GUARANTEES

Our lifetime guarantee covers our furniture against faulty materials or manufacturing defects. This is offered provided our products have been installed and maintained in accordance with our installation and product care instructions. All products should be fitted in accordance with local by-laws and in line with good plumbing practice. Any electrical products should be installed by a qualified electrician.

Our lifetime guarantee excludes sanitaryware, handles, taps, mirrors, lights or any electrical or moving components. It does not cover normal wear and tear, which naturally and inevitably occurs during normal use.

The guarantee, which applies to the UK only, is limited to domestic use of the products and to the original homeowner. The guarantee is non-transferable between homeowners.

When installing any timber products in a bathroom environment it is important to provide adequate ventilation (such as an extractor fan). This prevents the buildup of condensation, which may be harmful to your product.

It is important that a waterproof sealant is used on all cut or raw edges and particular attention should be given to areas around the basin and bath. Failure to comply with these recommendations may invalidate your guarantee.

To activate the guarantee register online at www.atlantabathrooms.com/lifetime-guarantee. Within 60 days of purchase (otherwise a 12 month statutory guarantee applies) This guarantee does not affect your statutory rights.

In the unlikely event that the product fails within the stated guarantee period, we will offer a replacement or replacement parts (or nearest equivalent). Liability is limited to individual products and does not cover consequential loss, damages or further installation costs involved. Any guarantee claims should be made in writing to the Customer Service Department enclosing a copy of the original invoice.

Other Product Guarantees (against material and manufacturing defects)

- 10 years; Solid surface countertops
- 5 years; Ceramic sanitaryware and cast mineral basins, Mirrors, including those on mirrored doors,
- 2 years; Toilet seats
- 1 year; Illuminated mirrors and cabinets, Electrical fittings and components, Brassware, sprung pop-up wastes and shower kits, Cisterns (note that customers will be referred to the cistern manufacturer to resolve any issues with cisterns)

GUIDELINES FOR CARE & MAINTENANCE

FURNITURE & MIRRORS

Wipe up spills and condensation immediately with a clean cloth. We recommend that furniture be cleaned with a damp cloth, and then dried. Avoid using cleaners or polishes that contain abrasives, solvents, acid, or ammonia.

CAST MINERAL BASINS

Clean with a damp cloth, water and soap or very mild detergent, rinse, and polish with a soft cloth. Avoid using cleaners that contain abrasives, solvents, acid, or ammonia. Do not use caustic soda or bleaches. Full care instructions are included with the washbasin.

BRASSWARE

Chrome, Black and Brushed Brass finishes should be cleaned with warm water and a soft cloth, rinsed, and then dried immediately. They should then be buffed with a dry, clean, soft cloth. Due to the nature of different materials used in the production of basin and bath shower mixers, there may be slight variation between components. On no account should any bathroom cleaner be used as these contain chemicals that are corrosive to brushed surfaces.

ADDITIONAL INFORMATION

FURNITURE

All timber finishes are wood effects. Although great care is taken in choosing matching finishes there may be some variation due to the different materials, suppliers, batches, and manufacturing processes used. The apparent colour of finishes may also vary under different lighting conditions, especially under artificial light.

TOLERANCE/PRODUCT DIMENSIONS

Due to the nature of materials and production processes the dimensions may vary within a tolerance of +/-2mm on furniture, +/- 2% on cast mineral basins, +/-5% on ceramic products. Cast basins are designed and guaranteed to be used with hot water up to a maximum temperature of 65°C. This temperature must not be exceeded. The surfaces of ceramic products may contain imperfections. Sanitaryware may carry branding from relevant manufacturers.

INSTALLATION

It is important that a waterproof sealant is used on cut or raw edges and particular attention should be given to areas around the basin and bath.

COLOUR REPRODUCTION

Colour reproduction is as accurate as possible within the limitations of the printing process. Also note colours will vary under artificial light.

ALTERATIONS TO MATERIALS & SPECIFICATIONS

The BeModern® Group policy is one of continual improvement and development, we therefore reserve the right to alter materials and specifications without notice.
